ARTICLE 2 RIGHTS GRANTED

2.1 GENERAL DESCRIPTION AND LIMITATIONS

Supplier is hereby granted the exclusive right to provide All-Requirements Power Supply to Participating Consumers pursuant to the terms of the Program and this ESA. For the avoidance of doubt, Supplier shall be authorized to supply All-Requirements Power Supply only to Participating Consumers, and the Local Distributor will continue to have the right and obligation to supply electricity to Eligible Consumers who opt-out of the Program and remain on, or return to, Basic Service, until changes in law, regulation or policy may allow otherwise. Supplier recognizes that this ESA does not guarantee that any individual Eligible Consumer will be served by the Supplier. Notwithstanding any provision of this ESA to the contrary, if a new Rate Class is added to the Program, to the extent such Rate Class does not include consumers currently served under the Program, the City shall be permitted to enter into a separate agreement to provide power supply and other services to such Rate Class either with (i) Supplier or (ii) an alternate supplier under its own load asset.

The City authorizes Supplier on behalf of the City and any Participating Consumers to take any and all actions as Supplier determines may be necessary to permit switching and enrollment in

accordance with this ESA, Department regulations, and Supplier's and the Local Distributor's rules and terms hereof. In accordance with Article 3 below, all Eligible Consumers shall be automatically enrolled in the Program unless the consumer exercises its right to opt-out of the Program.

The City shall specifically authorize the Local Distributor to provide, and Supplier shall have the right to obtain and utilize as required, all Consumer Data as is reasonably available from the Local Distributor, and which is necessary for Supplier to perform its obligations under this ESA. If requested by Supplier, the City agrees to use Commercially Reasonable efforts, at Supplier's cost, to assist Supplier in obtaining Consumer Data, including, without limitation, assisting Supplier in obtaining permission from Eligible Consumers and/or the Department, where necessary as a prerequisite to the provision of such information. Supplier shall not be responsible for any errors that Supplier makes in the provision of All-Requirements Power Supply to the extent such errors are caused by errors or omissions in the information provided to it by the Local Distributor or the City.

In addition, to the extent the City is permitted by the Department to receive information regarding other Local Distributor consumers, including but not limited to New Eligible Consumers, the City shall authorize the Local Distributor to provide such information to Supplier, and Supplier shall have the right to obtain and use such information as is reasonably available from the Local Distributor to support City-directed consumer awareness and outreach activities pursuant to Article 3.4.

This ESA is a Forward Contract and Supplier and the City are Forward Contract Merchants.

2.2 NO THIRD-PARTY BENEFICIARIES/AGENCY RELATIONSHIP

This ESA does not and is not intended to confer any rights or remedies upon any person other than the Parties except as otherwise set forth under the ESA. This ESA facilitates rights under M.G.L. c. 164 for Eligible Consumers to purchase electricity from the Supplier in accordance with the Plan and this ESA. The City has the right, but not the obligation, to advocate on behalf of the Eligible Consumers interested in contracting for electric supply and on behalf of all Participating Consumers, unless otherwise prevented by law.

The City is authorized but not obligated to act on behalf of the Eligible Consumers in contracting for electric supply for such Eligible Consumers and is authorized to act as agent for all Participating Consumers. The City and Supplier agree and understand that Participating Consumers shall be principals or beneficiaries under this ESA and shall be deemed to have privity of contract with Supplier; *provided, however*, that in any litigation arising under this ESA, only the City, as agent for the Participating Consumers, has the right but not the obligation to bring claims against the Supplier.

2.3 COMPLIANCE WITH LAWS

By entering into this ESA, the Parties specifically represent that they have exercised due diligence to review and have fully complied with all relevant regulations and orders of the FERC, the Department, Massachusetts Attorney General, and the Massachusetts Department of Energy

Resources and any other Governmental Authorities having jurisdiction over any element of the transactions contemplated by this ESA.

2.4 CONDITIONS PRECEDENT

The City's obligations under this ESA shall be conditioned upon Supplier, or, with respect to (c) and (d) below, Supplier's affiliate or contracted wholesale power marketer, fulfilling the following requirements:

- a) maintain Supplier's competitive supplier's license from the Department (as such term is defined in the Local Distributor's Terms and Conditions for Competitive Suppliers);
- b) execute a Competitive Electric Supplier Service Agreement with the Local Distributor in a form reasonably satisfactory to Supplier;
- c) execute any appropriate ISO-NE applications and agreements;
- d) obtain authorization from FERC to sell power at market-based rates;
- e) complete EDI testing with the Local Distributor; and
- f) provide all other documentation reasonably required by the Local Distributor for Supplier to carry out its obligations under this ESA.

If Supplier has not fulfilled all such requirements by the Delivery Term Start Date, the City may terminate this ESA without any liability. Any noncompliance with such requirements after the Effective Date shall be subject to Articles 4.2 and 4.4.

ARTICLE 3 CONSUMER CHOICE, NOTIFICATION OF RIGHTS, ENROLLMENT

3.1 CONSUMER CHOICE

The Parties acknowledge and agree that all Participating Consumers have the right, pursuant to M.G.L. c. 164, § 134 and the Program, to change their source of electricity supply, as set forth in Article 2.1. The Parties represent and warrant to each other that they shall not obstruct the right of Participating Consumers to opt-out of the Program, and shall comply with any rules, regulations or policies of the Department, the Local Distributor and/or other lawful Governmental Authority regarding the procedures for opting out or of switching from one source of electricity supply to another. Notwithstanding the foregoing, however, the Parties may take Commercially Reasonable measures to encourage Participating Consumers to affirmatively agree to remain in the Program, consistent with any Governmental Rules.

3.2 APPLICABILITY OF CONSUMER NOTIFICATION REQUIREMENTS

The notification requirements set forth in Article 3.3 shall apply only to Opt-Out Notices mailed to New Eligible Consumers after the Delivery Term Start Date, unless a Price and Term Appendix otherwise expressly obligates Supplier to conduct an opt-out mailing prior to the Delivery Term Start Date and in a timeframe necessary for service to begin for Initial Eligible and New Eligible Consumers on the Delivery Term Start Date.

Supplier will conduct opt-out mailings to New Eligible Consumers in accordance with the Sweep Schedule set out in the Price and Term Appendix (unless otherwise agreed to by the Parties).

3.3 NOTIFICATION TO CONSUMERS OF OPT-OUT RIGHTS

Consistent with the requirements of any applicable Governmental Rules, the City will request or cause CPG to request and obtain from the Local Distributor and provide to Supplier the account number, service and billing address, and other pertinent contact information of all Initial Eligible Consumers and New Eligible Consumers, as applicable. However, CPG shall exclude any individual Large Industrial New Eligible Consumers from the list of New Eligible Consumer accounts it provides to the Supplier. Supplier shall notify each such Eligible Consumer (i) of the date, expressed as the meter read date for a given month, on which such Eligible Consumers will be automatically enrolled in the Program, and (ii) that Supplier will be providing All-Requirements Power Supply to such Eligible Consumer as of the same date, subject to the opt-out provisions of the M.G.L. c. 164, § 134, the Plan, and the Program (“Opt-Out Notice”).

CPG or the City will prepare and provide to Supplier the Opt-Out Notice in form and content as approved by the Department (“Approved Opt-Out Notice”), and Supplier shall promptly provide its reasonable comments and suggestions on such form with the understanding that under current Department practice the final form is subject to Department approval. Supplier shall mail only such Approved Opt-Out Notice to each such Initial Eligible Consumer and New Eligible Consumer, as applicable, in a Commercially Reasonable timeframe as directed by the City or CPG and in compliance with Department directives, but not less than the number of days set forth in the Plan, currently thirty-seven (37) days prior to the date of automatic enrollment as required by the Department. The Approved Opt-Out Notice shall: (i) prominently state all charges to be assessed by Supplier; (ii) provide a summary of the prices and terms of service included in the applicable Price and Term Appendix as well as fully disclose the prices and terms then being offered for Basic Service by the Local Distributor; (iii) state how such Initial Eligible Consumer and New Eligible Consumer may opt-out of the Program prior to enrollment and remain on Basic Service from the Local Distributor; (iv) state how a Participating Consumer may voluntarily opt-up or opt-down to any other Products offered under the Program; and (v) state how all Participating Consumers, subsequent to enrollment, will also have the right to opt-out at any time and return to Basic Service or choose a different competitive supplier without paying a fee or penalty to Supplier. An Initial Eligible Consumer or New Eligible Consumer will not be automatically enrolled when an Approved Opt-Out Notice is returned as undeliverable. The City agrees to take such further actions as Supplier may reasonably request, and at Supplier’s cost, in connection with Supplier’s performance under this Article 3.3.

Supplier is responsible for all costs associated with the City’s efforts to provide consumer notification to all Initial Eligible and New Eligible Consumers under this Article 3.3. Such costs include, but are not limited to, print materials, printing, copying, mailing, postage, and language translation services. In the event the City or CPG is also expected to incur any similar such costs in support of the foregoing activities (“Support Costs”), the City or CPG, as applicable, will provide Supplier with advance notice thereof prior to incurring such Support Costs. The total for all Support Costs in any given calendar year shall not exceed the “Support Costs Cap” set out in any Price Term Appendix. Supplier shall coordinate with and reimburse the City or CPG for all Commercially Reasonable and actual, documented Support Costs. Supplier will maintain a

complete list of opt-outs throughout the life of this ESA whether received prior to the initial enrollment or after accounts have been enrolled. Supplier will make this opt-out list available to the City or CPG upon request.

In providing the notifications set forth in this Article 3.3, and in otherwise conducting the activities in Article 3.5 below, Supplier must rely upon information provided to it by the City or CPG for the purpose of performing such obligations. Supplier will not be responsible for any errors or omissions in connection with its notification of Initial Eligible Consumers or New Eligible Consumers resulting from errors or omissions in the information provided to it by the City or CPG. For clarification purposes, all mailing lists of Initial Eligible and/or New Eligible Consumers to receive notices pursuant to this Article 3.3 shall be requested by the City or CPG from the Local Distributor and shared with Supplier. The City and CPG acknowledge that Supplier shall not be responsible for requesting mail listings directly from the Local Distributor. Supplier shall not be responsible for delays in sending notifications to Initial Eligible Consumers, New Eligible Consumers, or Participating Consumers to the extent such delays are caused by delays in receiving information, including the form of communication, from the City or CPG.

3.4 CONSUMER AWARENESS

3.4.1 Consumer Notification of New Supplier - In the event the Program has Participating Consumers as of the Effective Date of this ESA and the Supplier is not the current supplier of the Program, then prior to the Supplier's initial enrollment of any consumer accounts on the Delivery Term Start Date, CPG or the City will provide to Supplier the Local Distributor account number, service address, billing address, and other pertinent contact information of Participating Consumers. Supplier shall notify such Participating Consumers that Supplier will be providing All-Requirements Power Supply as of the Delivery Term Start Date, and the Retail Price(s) and Program Products pursuant to the applicable Price and Term Appendix of this ESA. CPG or the City will prepare and provide to Supplier the form and content of the notice and Supplier shall provide such notice to each Participating Consumer in a Commercially Reasonable timeframe and manner as directed by the City or CPG. Supplier is responsible for all costs associated with such consumer notification including, but not limited to, print materials, printing, copying, mailing, postage and language translation services.

3.4.2 Supplier or CPG Consumer Awareness Activities - Provided all Parties mutually agree on the content and method, Supplier or CPG may each conduct consumer awareness efforts at such party's sole expense. Any such efforts must be consistent with the Education Plan included in the Plan.

3.4.3 City Consumer Awareness Activities - Supplier shall be responsible for the costs associated with City-directed consumer awareness efforts but only if such efforts and the scope thereof are detailed and explicitly delegated to Supplier in any Request for Proposals for competitive electric supply services issued in connection with this ESA and also expressly set out in any Price and Term Appendix ("Program Promotions"). Such Program Promotions may include enhancements to the City's website, print advertisements, paid social media, consumer outreach, and the preparation and delivery of educational materials that are separate and apart from other consumer notification mailings required pursuant to

this ESA. Supplier will not be responsible for the costs of any promotion(s) of the Program that is not a Program Promotion included in the Request for Proposal and Price and Term Appendix. The City may also request Supplier to print and mail City-prepared Program Promotions materials to Participating Consumers, Eligible Consumers, or electricity consumers of the City, provided, however, any such efforts shall not occur more than once in any given calendar year during the term of this ESA, and provided further that the content of such Program Promotions. The total costs for all Program Promotions in any given calendar year shall not exceed the "Program Promotions Cap" set out in any Price Term Appendix. Further, the City may, in its discretion, adjust the Retail Price(s) to allow either the City or CPG to recoup costs incurred by either party for City-directed consumer awareness efforts, in which case the City will direct Supplier to collect and remit such reimbursements to the City or CPG as appropriate.

3.5 ENROLLMENT

The enrollment procedures set out in this Article 3.5 are also summarized in Exhibit A to this ESA. However, in the event of a conflict between this Article 3.5 and Exhibit A, the terms in this Article 3.5 shall govern. Supplier shall perform any consumer enrollments pursuant to this Article 3.5 in accordance with applicable Local Distributor rules.

3.5.1 Initial Eligible Consumers – If applicable pursuant to Article 3.2, CPG or the City shall provide Supplier with the list of Initial Eligible Consumers, as well as such Initial Eligible Consumers' service and billing addresses, and any other related information the Parties agree is necessary, in sufficient time for Supplier to commence All-Requirements Power Supply as of the Delivery Term Start Date.

3.5.2 Participating Consumers - If applicable pursuant to Article 3.4, CPG or the City shall provide Supplier with the list of Participating Consumers, as well as such Participating Consumers' service and billing addresses, and any other related information the Parties agree is necessary, in sufficient time for Supplier to commence All-Requirements Power Supply as of the Delivery Term Start Date. All Participating Consumers will continue to be enrolled in the Program under the terms of this ESA unless they opt-out in accordance with the Plan, this ESA, and Governmental Rules.

3.5.3 New Eligible Consumers - New Eligible Consumers (a) who are provided notice, and (b) elect not to opt-out of the Program, each as provided in Article 3.3, will be automatically enrolled by Supplier in the Program at the Retail Price for the standard Product in accordance with the Sweep Schedule set out in the Price and Term Appendix.

3.5.4 Eligible Consumers that Previously Opted Out - At any time during the Term of this ESA, Eligible Consumers who have previously opted out of the Program, with the exception of Large Industrial Eligible Consumers, may request that they be enrolled in the Program. Supplier will provide All-Requirements Power Supply to such Eligible Consumers at the Retail Price applicable for the Product selected.

3.5.5 Eligible Consumers Previously Served by Third Parties - Supplier agrees that, with the exception of Large Industrial consumers, consumers that are being served or were previously served under third-party competitive supply agreements may affirmatively opt-in

by requesting to be enrolled into the Program and receive All-Requirements Power Supply at the Retail Price applicable for the Product selected when such agreements terminate or are otherwise completed.

3.5.6 Large Industrial Consumers – Large Industrial consumers that (i) are New Eligible Consumers, (ii) previously opted out of the Program, or (iii) are being served or were previously served under third-party competitive supply, may request to be enrolled in the Program and Supplier shall offer to provide All-Requirements Power Supply to such Large Industrial consumers based on the then market rate as determined by Supplier in its sole discretion for the Product selected. Such offer shall be consistent with all terms of this ESA, including but not limited to the consumer’s ability to opt-out of the Program at any time without penalty. Prior to enrollment, Supplier shall promptly provide written notice to CPG if any Large Industrial Eligible Consumer accepts such market rate offer.

ARTICLE 4 TERM OF AGREEMENT AND TERMINATION

4.1 TERM

This ESA shall commence on the Effective Date, *provided, however*, that Supplier’s obligation to provide All-Requirements Power Supply for any Delivery Term shall commence on the Delivery Term Start Date, and shall terminate on the Delivery Term End Date, each as set out in a Price and Term Appendix, unless terminated earlier under Article 4.2 below (“Term”); provided further, however, Supplier will only begin service to a Participating Consumer after such Participating Consumer has been enrolled by Supplier and the Participating Consumer has been switched by the Local Distributor to Supplier in accordance with all Governmental Rules. It may take up to two billing cycles for the enrollment with Supplier to take effect. Supplier is not responsible for any such delay, or any failure or delay in enrolling any Participating Consumer caused by the Local Distributor. The City shall provide such cooperation, assistance, documents, authorizations, instruments and other information as reasonably requested by Supplier to permit the enrollment and servicing of Participating Consumers in the Program.

4.2 TERMINATION

This ESA cannot be terminated for convenience by either Party but may be terminated for the following reasons upon written notice:

- a) by the City or Supplier if either Party fails pursuant to Article 4.4 to cure any breach of any material provision of, or obligation under, this ESA (including, but not limited to, Article 5.6.2 and Article 9, but excluding the failure to provide or arrange for All-Requirements Power Supply, which is addressed in Article 4.2(d)), within sixty (60) days following written notice to do so by the non-breaching Party; or
- b) by the City if Supplier is in Bankruptcy as that term is defined in this ESA, or fails to provide and maintain Supplier’s Letter of Credit Requirement or Supplier’s Parent Guarantee Amount throughout the Term of this ESA and continuing until the date set out in Section 3 of the Price and Term Appendix; or

- c) by the City, or Supplier, if any material provision or condition of this ESA be finally adjudged invalid by any court of competent jurisdiction or if the Department exercises any lawful jurisdiction and invalidates or disapproves this ESA in whole or in significant part; or
- d) by the City in the event of the failure of Supplier to supply All-Requirements Power Supply to Participating Consumers; provided, however, that the City shall not be permitted to terminate this ESA if Supplier's failure to provide or arrange All-Requirements Power Supply, through no fault of Supplier, is a direct result of a Force Majeure or, to the extent not qualifying as Force Majeure, actions or non-actions by any transmission service provider, the Local Distributor, the City, CPG, the ISO-NE, or a Governmental Authority.

4.3 OBLIGATIONS UPON TERMINATION

Following termination of this ESA, the Parties shall each discharge by performance all obligations due to any other Party that arose up to the date of termination of the ESA. Supplier shall reasonably cooperate in good faith to transition Participating Consumers to a new competitive supplier or back to the Local Distributor. Upon the effective date of termination of the ESA, all rights and privileges granted to, and obligations imposed on, the Supplier shall cease, with the exception of Supplier's right to collect all monies due for services rendered, including any outstanding Monthly Distributions and except as otherwise expressly provided in this ESA. It may take up to two billing cycles to transfer Participating Consumers to a new competitive supplier or the Local Distributor and Supplier is entitled to all payment for All-Requirements Power Supply provided whether before or after the date of termination. The City shall require any successor competitive supplier to make Commercially Reasonable efforts to switch Participating Consumers away from Supplier and to its own service upon the Delivery Term End Date. Supplier is permitted to cause the Local Distributor to drop the accounts of any Participating Consumers which are not switched or dropped by the Delivery Term End Date.

4.4 EVENT OF DEFAULT AND SPECIFIC PERFORMANCE

Notwithstanding any other provision to the contrary herein, the Parties agree that it will be an Event of Default if (i) a Party fails, pursuant to Article 4.2(a), to cure a breach of any material provision of, or obligation under, this ESA, including but not limited to the provisions of Article 6, (ii) a Party becomes Bankrupt, (iii) in the case of Supplier, Supplier fails to provide All-Requirements Supply as set forth in and subject to Article 4.2(d), (iv) in the case of Supplier, violates any obligation to provide and maintain Supplier's Credit Support Amount in an amount equal to or greater than the Credit Support Amount, (v) a Party modifies, suspends or terminates the Program during the Term, except where such modification, suspension or termination is, through no fault of the Party, required by Governmental Rules, or (vi) a Party seeks to terminate this ESA except as expressly authorized in this ESA, including Article 4.2. Upon an Event of Default by the City, the Supplier shall be entitled to specific performance of this ESA as its sole remedy. The Parties acknowledge and agree that because monetary damages are not available to Supplier under this ESA, there is no remedy at law adequate to compensate the Supplier for the City's actions as described in (i), (v), or (vi), and further agree that Supplier will suffer irreparable harm if the City takes any of the actions described in (i), (v), or (vi) herein.

4.5 EXTENSION

The ESA may be extended beyond the termination date established in Article 4.1 by mutual, written agreement of the Parties, provided however, any new pricing terms shall be negotiated, and the Parties shall amend this ESA by executing an updated Price and Term Appendix. Upon any such extension of this ESA, this ESA shall continue to be in effect, and all provisions of the ESA as amended shall retain the same force and effect as before the extension, unless it is terminated by either Party pursuant to the provisions of Article 4.2 or until the date stated in such extension.

ARTICLE 5 CONTINUING COVENANTS

Supplier agrees and covenants to perform each of the following obligations during the term of this ESA.

5.1 STANDARDS OF MANAGEMENT AND OPERATIONS

In performing its obligations hereunder, during the term of this ESA, Supplier shall employ an adequate number of competently trained and experienced personnel to carry out its responsibilities; exercise all reasonable efforts to deliver or arrange to deliver a supply of such amounts of electricity to the Point of Delivery as are required under this ESA; comply in all material respects with all relevant industry standards and practices for the supply of electricity to Participating Consumers.

5.2 CUSTOMER SERVICE ACCESS

Supplier shall take reasonable measures to provide, or cause to be provided, certain customer services to Participating Consumers and Eligible Consumers. Such services shall be reasonably accessible to Participating Consumers, shall allow Participating Consumers and Eligible Consumers to transact business they may have with Supplier, and shall serve as a communications liaison among the Participating Consumers, the City, CPG, and the Local Distributor. A toll-free telephone number shall be established by Supplier on or before the Effective Date and shall be available for Participating Consumers and Eligible Consumers to contact Supplier not later than 8:00AM and continuing at least until 6:00PM Eastern Prevailing Time, Monday through Saturday, excluding federal holidays to resolve concerns, answer questions and transact business with respect to the service received from Supplier. All incoming calls received by Supplier's call center shall be answered by the third ring, average hold times after auto-answer shall not exceed two minutes, and once a call is answered by an agent such caller shall not experience a subsequent hold time longer than two minutes. Supplier's call center should provide an extensive selection of interpreter service typically accommodated by large call center vendors. At a minimum, Supplier's call center should be equipped to translate into the 27 languages on the City's language access document, as approved by the Department. The City will post Program-related information on the City's website which will be available to Participating Consumers for general information, product and service information, and other purposes.

5.3 RESPONDING TO REQUESTS FOR INFORMATION

To the extent authorized by the Participating Consumer(s) (if such individual authorization is required by law), Supplier shall, during normal business hours (as set forth in Article 5.2), respond promptly and without charge to reasonable requests of the City or CPG for information or explanation regarding the matters covered by this ESA and the supply of electricity to Participating Consumers. Supplier agrees to designate a service representative or representatives (the "Service Contacts") who shall be available for these purposes and shall identify the office address and telephone number of such representative(s). Whenever necessary to comply with this Article 5.3, the Service Contacts shall call upon other employees or agents of Supplier to obtain such information or explanation as may be reasonably requested. Nothing in this Article 5.3 shall be interpreted as limiting the obligation of Supplier to respond to complaints or inquiries from Participating Consumers, or to comply with any regulation of the Department or Attorney General regarding customer service.

5.4 ARRANGING FOR FIRM ALL-REQUIREMENTS POWER SUPPLY

5.4.1 Renewable Energy Obligations

Supplier shall manage the Renewable Energy Obligations pursuant to this ESA. To the extent the ESA requires Voluntary RECs to be sourced from resources that are tracked within the NEPOOL Generation Information System ("NEPOOL GIS"), Supplier shall create and manage either a NEPOOL GIS subaccount or reserve account exclusively for the Program to receive, account for, track, and manage any and all RECs acquired and delivered to meet the voluntary renewable requirements of Products containing Voluntary RECs, if any ("Program GIS Account"), but only if a requirement for a Program GIS Account is explicitly set out in any Request for Proposals for competitive electric supply services in connection with this ESA and set forth in the applicable Price and Term Appendix to this ESA. Regardless of whether Supplier is required to establish a Program GIS Account, Supplier nonetheless shall be required to provide documentation satisfactory to the City demonstrating that Supplier met all voluntary renewable requirements of Products containing Voluntary RECs. Supplier shall provide such documentation or copies of detailed reports from the Program GIS Account pursuant to Article 11.1.1 and as requested from the City from time to time.

In acquiring RECs to meet any additional Voluntary REC obligations as set forth in the then-effective Price and Term Appendix, the Supplier shall use Commercially Reasonable efforts to prioritize the RECs used to meet the Voluntary REC obligations as follows: any renewable energy acquired for the Program, either by purchasing of RECs or by direct investment, will be sourced, in order of preference, from renewable energy projects located in Boston, located in Massachusetts, located within New England, and, where additionality can be demonstrated, elsewhere.

Only Massachusetts Class I RECs shall be used to meet the Voluntary REC obligations from sources which do not produce greenhouse gas emissions, and a preference shall be given to new projects. Supplier shall provide an annual report to the City produced from the City GIS Account showing the name of the source, location, technology, and date of commercial

operation that is the source of each REC retired to meet the additional Voluntary REC obligations.

5.4.2 {Reserved}

5.4.3 Interruption to Delivery Service

Supplier shall not be responsible to the City or any Participating Consumers in the event the Local Distributor, for whatever reason and through no fault of Supplier, physically disconnects, curtails, or reduces service to Participating Consumers.

5.5 NON-DISCRIMINATORY PROVISION OF SERVICE

Supplier shall supply electric energy to the Point of Delivery to all Participating Consumers on a non-discriminatory basis pursuant to the Retail Prices and terms as set out in the then effective Price and Term Appendix. Supplier may not deny service to an Eligible Consumer for failure to pay the bills of the Local Distributor or other competitive supplier. Supplier shall be permitted to drop any Participating Consumer and return such consumer to the Local Distributor for failure to make timely payments of its invoice to the Local Distributor pursuant to Article 7.4.2 if Supplier has not otherwise been compensated by the Local Distributor pursuant to its Competitive Electric Supplier Service Agreement with the Local Distributor.

5.6 CONSUMER DATA AND COMMUNICATIONS WITH CONSUMERS

5.6.1 Limitations

Notwithstanding anything to the contrary in this ESA, including this Article 5.6, Supplier may only communicate with Participating Consumers and/or use the lists of Eligible Consumers and Participating Consumers provided by the City or CPG to perform its obligations in accordance with this ESA, including to send City-approved educational materials, opt-out notices, or other communications essential to the operation of the Program consistent with the terms of this ESA. Such lists may not be used by Supplier to market any additional products or services to Eligible Consumers or Participating Consumers. The City shall also be responsible for securing any required approvals for communications with Eligible Consumers or Participating Consumers, including any necessary review by the Department.

5.6.2 Ownership and Use of Consumer Data

Supplier acknowledges that, as between the Parties, the City shall have exclusive ownership of all right, title, and interest in and to all Consumer Data. Supplier shall use Consumer Data solely to provide All-Requirements Power Supply to Participating Consumers and to render other services required or permitted under this ESA and Supplier shall treat Consumer Data as confidential information. Any other use of Consumer Data without the prior written consent of the City is strictly prohibited. Supplier shall maintain all Consumer Data in electronic format. Unless restricted by applicable Governmental Rules, Supplier will make Consumer Data available to the City or CPG upon request. The City shall be responsible for

CPG's possession and use of Consumer Data. Notwithstanding anything in Article 16 to the contrary, Supplier may share Consumer Data with affiliates and third-party vendors as reasonably necessary to accommodate Supplier's provision of All-Requirements Power Supply, other rights, or performance obligations pursuant to this ESA (including, without limitation, collection of receivables), provided that Supplier will inform any such vendor in writing of the confidential nature of Consumer Data and the restrictions set forth in this Article 5.6 and elsewhere in this ESA. In the event the City has chosen a new supplier for its Program, then prior to the Delivery Term End Date and at a time determined by the City, Supplier shall provide a copy of the Participating Consumer data in an electronic format which is generally usable, as it then exists, to the City and at the City's written direction, to other parties, such as the new supplier, which the City represents will have been authorized to receive such data; provided that Supplier will provide such data on an "as-is" basis and without warranty of any kind. SUPPLIER HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES PERTAINING TO SUCH DATA, WHETHER EXPRESSED OR IMPLIED, INCLUDING, WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. A material violation of this Article 5.6.2 by Supplier, its affiliates or third-party vendors shall be grounds for termination under Article 4.2(a). Supplier agrees such a violation of this Article 5.6.2 will constitute irreparable harm.

5.6.3 Approval of General Communications

Prior to sending any direct mail, electronic mail, or other similar communication (collectively, "General Communications") to Participating Consumers (but excluding individually drafted or tailored communications responding to the specific complaint or circumstance of an individual consumer), Supplier shall provide a copy of such General Communication to the City for its review to determine whether such communication is essential to the operation of the Program pursuant to Article 5.6.1. The City shall have the right to object to such General Communications and suggest revisions, provided, however, that the City's approval shall not be unreasonably withheld or delayed. The City may reject or exclude any proposed General Communication that, in its reasonable judgment, is contrary to the interests and objectives of the Program or the City, and Supplier shall not send such rejected or excluded General Communication; provided, however, any such right of rejection or exclusion shall not apply to Supplier's notice to exercise or enforce its rights under this ESA, including but not limited to any notice of Force Majeure, Change in Law, or any communication required by the Department or any other Governmental Authority.

5.6.4 Direct Marketing

Supplier agrees not to engage in any direct marketing of a new product or service to any Participating Consumer that relies upon Supplier's unique knowledge of, or access to, Participating Consumers gained as a direct result of this ESA unless first approved in writing by the City or CPG. Any new product or service that Supplier and/or the City wish to make available to Participating Consumers pursuant to this Article 5.6.4 is subject to Department approval. For the purposes of this provision, "direct marketing" shall include, but not be limited to, any outbound sales-based telephone call, mailing, or electronic mail from Supplier to a Participating Consumer through which Supplier markets products or services other than

those being provided pursuant to this ESA. Broad-based programs of Supplier that do not rely on unique knowledge or access gained through this ESA will not constitute such “direct marketing.”

5.6.5 Participating Consumer Lists

To the extent not prohibited by any Governmental Rule, Supplier shall provide a list of the Participating Consumers being served by Supplier to the City or CPG upon written request, including such reasonable identifying and usage information as the City may also request to the extent such information is available to Supplier. Supplier shall provide such Participating Consumer lists in an electronic format reasonably acceptable to both Parties and with no more frequency than once a month.

5.7 COMPLIANCE WITH LAWS AND STANDARDS

The Parties shall promptly and fully comply with all existing and future Governmental Rules as applicable to the activities covered by this ESA, including, as to Supplier, all applicable Renewable Energy Standards.

5.8 CONSENT

Whenever performance of an obligation of any Party hereto requires the consent or approval of any Governmental Authority, such Party shall make Commercially Reasonable efforts to obtain such consent or approval. In the event Supplier requests the City’s assistance in obtaining such consent or approval and the City anticipates that it will incur costs in fulfilling the Supplier’s request, it shall give Supplier an estimate of such costs. Upon receiving the estimate, Supplier shall determine if it will continue to request the City’s assistance, and if so, Supplier shall reimburse the City for all actual costs, up to the estimated dollar amount, reasonably incurred by the City in connection with such efforts.

ARTICLE 6 ROLE OF THE CITY

Under this ESA, the City shall not actually receive, take title to, or be liable for the supply or delivery of All-Requirements Power Supply in any manner whatsoever. The Parties specifically agree that the role of the City (in addition to fulfilling its obligations under this ESA) is to set the terms and conditions under which All-Requirements Power Supply will be provided by Supplier under this ESA and to enforce Supplier’s compliance with those terms and conditions. The Parties agree that City is not a “distribution company”, “electric company”, “generation company” or “transmission company” within the meaning of M.G.L. c. 164, § 1 as a result of this ESA, unless a court, the Department, or other lawful authority shall adjudicate to the contrary; provided, however, that the City may be considered to be operating a municipal load aggregation plan pursuant to M.G.L. c. 164, § 134. All Participating Consumers are bound as principals and beneficiaries to this ESA subject to the provisions of M.G.L. c. 164, § 134 and Department rules and practice. The Supplier hereby agrees that it will take no action that would make the City liable to any Participating Consumer due to any act or failure to act on the part of Supplier relating to the delivery or supply of All-Requirements Power Supply.

ARTICLE 7 PRICES AND SERVICES; BILLING

7.1 SCHEDULE OF PRICES AND TERMS

Supplier agrees to provide All-Requirements Power Supply and other related services as expressly set forth herein in accordance with the prices and terms included in the then effective Price and Term Appendix to this ESA. All Retail Prices are established by the City in its sole discretion after consultation with the Supplier, and shall include the following components:

Pursuant to this Article 7.1 and after first consulting with Supplier, the City may make changes to Retail Prices, from time to time at its reasonable discretion. Any such changes to Retail Prices shall be effectuated by the Parties executing a new Price and Term Appendix to this ESA.

7.2 OBLIGATION TO SERVE

As between the Parties, Supplier has the sole obligation, subject to Article 5.5, to arrange for the delivery of All-Requirements Power Supply for all Participating Consumers at the Point of Delivery.

7.3 METERING

7.4 TERMS AND CONDITIONS PERTAINING TO INDIVIDUAL ACCOUNT SERVICE

7.4.1 Title

Title to All-Requirements Power Supply will transfer from Supplier to Participating Consumers at the Point of Sale. In accordance with the Local Distributor's terms and

conditions for competitive suppliers, Supplier will be responsible for any and all line losses incurred on the local network transmission systems and distribution systems, as determined by the Local Distributor.

7.4.2 Billing and Payment

Supplier shall cause the Local Distributor to prepare and mail bills to Participating Consumers monthly based on the meter readings performed by the Local Distributor for each Participating Consumer's meter(s). Supplier shall adopt the billing and payment terms offered by the Local Distributor unless Supplier and Local Distributor otherwise agree. If actual meter data is unavailable, Supplier may bill based on its good faith estimates of usage, and any over-charge or under-charge will be accounted for in the next billing period for which actual meter data is available.

7.4.3 Regional and Local Transmission

The Retail Prices set out in any Price and Term Appendix do not include current and future charges collected or assessed by the Local Distributor pursuant to its distribution service tariff, or local transmission costs as may be imposed by NEPOOL, ISO-NE, or individual electric utilities that have FERC transmission tariffs or other such distribution and transmission charges. All such costs will be billed to and collected from Participating Consumers by the Local Distributor. If, in the future, Supplier becomes responsible for such distribution or transmission costs, Supplier shall be entitled to collect such costs from Participating Consumers to the extent permitted by any Governmental Rules.

7.4.4 Taxes

All sales, gross receipts, excise or similar taxes imposed with respect to the sale or consumption of All-Requirements Power Supply required to be collected by Supplier shall be included on the Participating Consumer's bill and shall be remitted to the appropriate taxing authority by Supplier. Participating Consumers shall be responsible for all taxes (except for taxes on Supplier's income) associated with sales under this ESA. Participating Consumers shall be responsible for identifying and requesting any exemption from the collection of any tax by providing appropriate documentation to Supplier.

ARTICLE 8 OPTIONAL PRODUCTS

Supplier agrees that it will offer the optional Products described in the then effective Price and Term Appendix into its provision of All-Requirements Power Supply under this ESA.

ARTICLE 9 SERVICE PROTECTIONS FOR RESIDENTIAL CONSUMERS

Supplier agrees that it shall comply with the regulations applicable to competitive suppliers regarding the supply of retail power to Participating Consumers, and any amendments thereto, and any code of conduct or policies the Department may adopt in accordance with M.G.L. c. 164, § 1F(7). If a Participating Consumer so permits, to the extent such permission is required by law or the terms of any Department order with respect to this ESA, Supplier agrees to provide notice to

the City and CPG of any consumer complaints submitted to, and recorded by, the Department or the Massachusetts Attorney General's Office by a Participating Consumer and received by Supplier that Supplier is unable to resolve with the Participating Consumer within five (5) Business Days following Supplier's receipt of the complaint. Supplier agrees to notify the City and CPG of such complaints after the expiration of said fifth Business Day, and the City or its agent may, at the City's election, participate and advocate on behalf of the Participating Consumer in resolution of the dispute, to the extent that such complaints relate directly to the Program, and to the extent not prohibited by Department regulations and other applicable law.

In addition, and in accordance with M.G.L. c. 164, § 1F(2) and 220 CMR 11.05(2)(b)19, in the event of a dispute regarding an invoice or Supplier's service under this ESA, a Participating Consumer may contact the Department, which may refer the dispute to the Massachusetts Office for Dispute Resolution for mediation of such dispute, if the amount in dispute is greater than one hundred dollars (\$100.00) and the subject of the dispute is within the Department's statutory and regulatory authority.

Notwithstanding anything to the contrary in this Article 16, nothing in this Article 16 shall be interpreted to prevent, delay or interfere with the City's acting in accordance with the provisions of M.G.L. Chapter 4, Section 7, and M.G.L. Chapter 66, Section 10, and other applicable statutes (collectively, the "Public Records Law"), if any, relative to any requests for public information concerning this ESA received from a third party.

To the extent consistent with the Public Records Law, each Party shall keep confidential, and shall not disseminate to any third party (other than such Party's affiliates, employees, or contractors) or use for any other purpose (except with written authorization, such authorization not to be unreasonably withheld), any information received from the other that is confidential or proprietary in nature unless legally compelled (by deposition, inquiry, request for production of documents, subpoena, civil investigative demand or similar process, or by order of a court or tribunal of competent jurisdiction, or in order to comply with applicable rules or requirements of any stock exchange, government department or agency or other Governmental Authority, or by requirements of any securities law or regulation or other Governmental Rule) or as necessary to enforce the terms of this ESA. Notwithstanding the foregoing or anything to the contrary in this Article, the Party receiving confidential or proprietary information shall have no obligation with respect to such information which: (i) is or becomes generally available to the public other than as a result of disclosure by the receiving Party; (ii) was in its possession prior to disclosure hereunder and which was not acquired directly or, to the Party's knowledge, indirectly from the disclosing Party; (iii) was received from a non-party to this ESA who to the receiving Party's knowledge, was not subject to a confidentiality agreement or fiduciary obligation regarding information; (iv) was independently developed by the receiving Party without reference to the information; (v) is required to be publicly reported under any U.S. or state securities law; or (vi) is not exempt from disclosure under the Public Records Law.

Either Party may disclose the terms of this ESA to its affiliates, and to its and officers, directors, employees, attorneys, accountants, and third-party vendors as reasonably necessary to accommodate Supplier's provision of All-Requirements Power Supply or other performance pursuant to this ESA, and otherwise to entities that have executed a non-disclosure certificate or agreement in a form mutually acceptable to the Parties. This Article 16 shall survive the termination of this ESA for a period of two (2) years.

If either Party is compelled to disclose any confidential information of the other Party, the disclosing Party shall request in writing that such disclosure be protected and maintained in confidence to the extent reasonable under the circumstances and use Commercially Reasonable efforts to protect or limit disclosure with respect to commercially sensitive terms. In addition, notwithstanding the Public Records Law, such Party shall provide the other Party with prompt notice of the requirement to disclose confidential information to enable the other Party, at its cost and expense, to seek an appropriate protective order or other remedy, and such Party shall consult with the other Party with respect to the other Party taking steps to resolve the scope of any required disclosure. In the event Supplier requests the City's assistance in protecting the confidentiality of its information and the City anticipates that it will incur costs in fulfilling Supplier's request, it shall give Supplier an estimate of such costs. Upon receiving the estimate, Supplier shall determine if it continues to request the City's assistance, and if so, Supplier shall reimburse the City for all actual costs, up to the estimated amount, reasonably incurred by the City in connection with such efforts.

For the avoidance of doubt, subject to the Public Records Law (but including a Party's right to have information remain confidential under the Public Records Law) the information related to this ESA that is considered confidential and proprietary in nature shall include the following:

- g) any non-public (as defined under the Public Records Law) information provided by Supplier; and
- h) any information which either Party should reasonably understand to be confidential and proprietary by virtue of the sensitive nature of the information.

ARTICLE 17 CHANGE IN LAW

If, after the Effective Date, a Change in Law occurs or New Taxes are imposed, and such event or taxes have a direct, material and adverse effect on the economic benefits to a Party of this ESA,

the affected Party shall send written notice to the other Party, setting forth the Change in Law or New Taxes and reasonably demonstrating the effect of the same on the affected Party. Any Department-approved changes to the Local Distributor's Purchase of Receivable ("POR") Plan originally approved by the Department pursuant to D.P.U. 10-53 shall be deemed a Change in Law. For the purposes of clarity, periodic changes to the purchase of receivable discount rate and timing of payments filed by the Local Distributor and approved by the Department shall not constitute a Change in Law hereunder. Upon delivery of such notice, the Parties shall use reasonable efforts to negotiate an amendment to this ESA to mitigate such effect. Alternatively, if as a direct result of such a Change in Law or New Taxes, Supplier incurs additional, material costs in performance of its obligations under this ESA, Supplier shall provide a written notice to the City that documents: a) the effective date of the Change in Law or New Taxes; b) a detailed explanation and reasonable demonstration of the material costs incurred as a result of the Change in Law or New Taxes; c) the timing of the cost impact to be incurred by Supplier; d) the proposed price increase per kWh to be passed on to Participating Consumers; and e) a proposed plan for coordinating with the Local Distributor for an increase in the price per kWh that is billed by the Local Distributor, designed to reimburse Supplier for such cost impact. The City must respond to Supplier's notice within ten (10) days of receipt. If the City and Supplier cannot agree on the amendment to this ESA or reimbursement contemplated by this section, the matter shall be subject to dispute resolution in accordance with Article 12.2. In no event shall a price change become effective without providing Participating Consumers with a 30-day advance notice of the price change.

If any event of Force Majeure continues for a period of ninety (90) days or longer, either Party may terminate this ESA by sending the other Party a written notice as set forth in Article 4.2; provided, however, that such termination by either Party shall not constitute an Event of Default under this ESA and shall not give rise to any liability to either Party.
